

Charlie Willingham presents a donation to Sylvia Jackson, St. Louis Women's Safe House director.

Experience Housecleaning With "The Molly Maid Difference"

Charlie Willingham of Kirkwood brings over 25 years of experience in the residential housecleaning business with Molly Maid of Mid County.

"As a local owner, I focus on providing outstanding service in the homes of area residents," said Willingham. He lives in Kirkwood with Jessica, his wife of 20 years, and their two children, Emilie and Jake.

Molly Maid's thorough cleaning process includes dusting baseboards, light fixtures, furniture, sills, shelves, blinds and décor; vacuuming/mopping all floors, carpets, rugs and stairs; cleaning showers, tubs, toilets and sinks; cleaning, drying and shining all mirrors, glass, counters, tile and appliance surfaces; and vacuuming or dusting all furniture, even under cushions.

It provides all equipment and supplies and uses only microfiber cloths, which are more expensive, but "well worth it."

In addition to cleaning, Molly Maid offers professional carpet cleaning using the HOST dry extraction method, an exceptional product.

"We want to provide outstanding service time after time," said Willingham. "That means we don't charge an outrageous first fee. I come to the home and do a free, in-home estimate. The estimate provides the detail customers want, at the price that is affordable." At Molly Maid, there are no contracts.

"We feel that as long as the customer is happy, we will get to come back," Willingham said.

"Rest assured that each Molly Maid team is bonded, insured, and part of a nationwide network of cleaning professionals," said Willingham. "We guarantee our work."

To make a difference in the lives of abused women, Molly Maid, along with the Ms. Molly Foundation, is partnering with St. Louis Women's Safe House, the oldest and largest domestic shelter in the St. Louis community. Locally, Molly Maid has raised over \$2,500 for the St. Louis Women's Safe House.

Call for a free in-home consultation. Molly Maid will make the whole house sparkle.
